

Statement on modern slavery

We define slavery as when an individual is exploited by others, for personal or commercial gain. Whether tricked, coerced, or forced, they lose some or all of their freedom(s). This includes but is not limited to human trafficking, forced labour and debt bondage.

We are committed to improving our practices to combat slavery and human trafficking. We recognise that slavery and human trafficking is a real yet hidden issue in our society, taking place in the European Union and the United Kingdom of Great Britain and Northern Ireland (our principal areas of business activity).

We will not tolerate slavery and human trafficking in our business or supply chains
